FUNCTIONS & EVENTS

THE CUT...

The Cut Tavern is nestled along the edge of the amazing Dawesville Cut, boasting some of the best views in Mandurah. Since opening in 2018, The Cut has become a family friendly Tavern with options for all! The sports bar features a TAB with numerous TV's throughout to watch live sports.

The restaurant area has spectacular views overlooking the Dawesville Channel, and if your lucky enough, you may even see the dolphins at play!

The alfresco area is a separate area, ideal for private gatherings catering for up to 100 guests (Cocktail style). It has its own bar facilities and the views are not compromised with glass windows allowing the perfect backdrop for your event.

WHAT ARE THE OPTIONS...

We can cater for pretty much most events, however, we DO NOT do 18th or 21st birthday parties.

The alfresco area is usually the main area for all functions but we can cater for large group bookings in the west or east ends.

We do not do platters for functions inside, only bookings pre ordering set menus or ordering from the daily menu.

Please be aware there are limits to numbers in these areas and the east end has a mix of tall bar tables with stools and some low tables, but all furniture must stay within those areas.

There is no room hire fee for large table bookings, however if you require linen and other additions there will be a charge.

All requirements will be discussed with you prior to your confirmation.

ALFRESCO...

The alfresco area is the main space for functions as it has its own bar access and the area is completely separate space. There is a mix of tall tables and low dining tables which suits all groups.

There is a pool table which can be left open to use for your event or we can cover it to use for platters, or any other requirement.

There are TV's which can be used for slide shows etc or just simply left on for sport to TAB facilities.

There is access to the lawn area, however the lawn area is not licensed.

There are conditions relating to all music levels within the alfresco area.

On Friday and Saturday in the alfresco area, the sound limiting device is to be set no higher than:

a. 75 dB(A) at 1 m from the source until 10pm

b. 65 dB(A) at 1m from the source after 10pm

Music must be kept to background levels, no heavy base, drums are permitted.

All Music requirements must be discussed and approved by the functions team prior to your event.
